We are proud to partner with local & regional farms, students and purveyors to help craft our daily changing menu.

Meet the Student Behind Our Future Farmers of America Beef

Tonight's Future Farmers of America Beef comes from a single source: Colton Fickett, a recent Mount Dora High School graduate.

Colton grew up on his family's cattle farm, learning early the value of hard work, responsibility, and respect for the land and livestock. From working cattle to exhibiting at the Lake County Fair, agriculture has always been central to his life. Through FFA, he's given back by volunteering at fundraisers, helping host cattle shows, and encouraging young exhibitors as they build their own confidence.

His dedication extends beyond the farm. A student-athlete in football and wrestling, Colton earned 100 career wrestling victories, and he has represented his community on a national stage through rodeo.
More than a product of the farm, his beef represents years of care and a way of life rooted in family and community. We're proud to serve it.

Thank you to all those that dedicate their lives to help us put fresh food on our tables:

- Alan Benton	Madisonville, Tennessee	- Olde Hearth Bread Co.	Casselberry, Florida
